## MORE BLOOD SPILLED

Rioting Still Continues in Belgium.

## MANY ENCOUNTERS TAKE PLACE

The Demand for Universal Suffrage Hourly Increasing—The Militia Almost Powerless With the Mobs—Several Serious Encounters in Which Extreme Measures Were Resorted To.

BRUSSELS, April 18.—The industrial revolution against the chamber of deputies is in full progress, and every day fresh accessions to the ranks of those who demand universal suffrage are reported. Yesterday a thousand of the dock laborers in Antwerp joined the movement and much excitement prevails at that port. The strikers have cut off communication with the vessels lying at the quays by throwing their gangways into the river.

They indulged in other riotous demonstrations and became so threatening that the military had to be called out to preserve order. No conflicts have yet occurred, but the attitude of the strikers is very threatening, and trouble is expected at any moment. The streets and open places in the vicinity of the wharves are filled with strikers and hourly their ranks are being swelled with laborers and others. It is hoped that the presence of the military will hold the strikers in check. The strike will perhaps delay the departure of some of the ocean steamers sailing from Antwerp.

Extraordinary military measures will be adopted to preserve order in this city. Strong forces of Chasseurs and carabiniers are arriving with every train. All officers have received a city map on which is marked a neutral zone from which the crowds are to be excluded. In this zone are the Palais de la Nation where parliament meets, all the ministerial bureaus and the royal palace. It is reported the premier has proposed to the king that parliament be dissolved and a general election be held. Janson, the Radical leader in the chamber, is said to have demanded an audience with the king.

The governor of the province of Brabant, in which this city is situated, has instructed all mayors of cities and towns within his administrative district that they must prohibit all public demonstrations for universal suffrage.

The Brussels compositors have decided to strike. Brussels consequently will have no newspapers except as are printed by nonunion compositors. The minister of war in view of the gravity of the situation has called out the two last classes of the militia.

A dispatch from Mons says: "When the strikers from the Bonridge district attempted to force their way into the town the civil guards drew up in battle line and the commanding officer bid them in the king's name to withdraw. Instead of an answer the strikers at once commenced to pelt the military with stones. The guard thereupon fired into the crowd, killing seven and wounding over 100. A great number of the guards were injured.

The anxiety as to coming events is intense. The news from Mons and Antwerp has stricken the more prosperous classes with panic. There is a general tendency to urge the deputies to decide the question of suffrage, and not to be too sparing of concessions to the popular demand.

## COLLISION OF TRAINS.

Two Men Killed and Several Others Badly Injured.

FARWELL, Mich., April 18.—A collision occurred on the Toledo, Ann Arbor and North Michigan railroad about four miles north of here between a work train and a north bound passenger train. Two men were killed and several were badly injured. One is missing. The injured were brought here.

The killed are: J. M. Unger, married, of Owosso. Isaac Ruschnell of Owosso.

The injured: Frank Thompson of Elsie, thigh broken and otherwise injured; condition critical. O. S. Crouthers of Owosso. James Pickering of Farwell, seriously bruised.

Several other laborers were more or less bruised and cut.

## CHINESE AT THE WORLD'S FAIR.

Six Hundred En Route, While Only Two Hundred Can Be Admitted.

CHICAGO, April 18.—Numbers of Chinese now on their way to this country will be able to meet with trouble in San Francisco if the dispatches from there are correct. These state that 100 Chinese are aboard one of the Pacific steamers bound for San Francisco, and on the following steamer is another batch of 500.

A special measure was passed through congress last year granting the commissioners permission to import 200 Chinese, who were to take part in the Chinese exhibit. More than 200 can not be admitted unless they can produce certificates from the Chinese government certifying that they are of the merchant class and not laborers.

## Machinist Strike.

OMAHA, April 18.—About 500 machinists and helpers at the Union Pacific shops at this place and about 50 at North Platte struck, under orders of the Federation of Machinery Constructors because the company refused to sign an agreement to make more binding an agreement signed eight months ago providing a plan for the maintenance of a schedule day of nine hours. The Knights of Labor posted a notice calling, on its members to stay by the company, but its effect is not apparent save in preventing sympathetic strikes.

## Carved Each Other to Pieces.

BRINKLEY, Ark., April 18.—At Monroe, a small station south of here on the Arkansas Midland railroad, a bloody fight with knives took place between George W. Kizer, a prominent merchant of Monroe, and two brothers, Dan and Robert Kelly. They literally carved each other to pieces, and as a consequence Kizer died instantly and Dan Kelly is supposed to be dead by this time. Robert Kelly, although his skull was fractured, is not seriously injured. The latter has been arrested.

## Cremated in His Own Residence.

WOOSTER, O., April 18.—Joseph Herpel was cremated by the burning of his frame residence, three miles north of Wooster. Shortly after midnight the house was discovered on fire, and all occupants safely escaped. Some time after Herpel was missed, and it is supposed he went back into the burning house to get his trunk, and was overcome by heat and smoke. He was 53 years old, very rich, and owned three or four farms.

## Two Fistic Events.

NEW YORK, April 18.—At the Coney Island Athletic club Johnny Van Heest of Chicago and Denny Russell of Bridgeport, Conn., fought for a \$1,000 purse. At the end of the third round the referee stopped the fight and gave the money to Van Heest. This was followed by a fight for the welterweight championship of the world and a purse of \$5,000. The contestants in this fight were Billy Smith of Boston and Tom Williams of Australia. Only two rounds were fought when Williams was declared knocked out.

## Getting Back at His Persecutors.

CINCINNATI, April 18.—Adolph Hirsch was arrested some time ago at the instance of the Shane Furniture company on charges of grand larceny and embezzlement while collecting for the firm. The charge of grand larceny was dismissed at the preliminary trial and the grand jury failed to indict him for embezzlement. Hirsch has now entered a \$10,000 damage suit against the company for false arrest and imprisonment.

## "Our Mary" Writing a Book.

LOUISVILLE, April 18.—Mrs. Mary Anderson Navarro has written to her friend, Mrs. R. M. Kelly of this city, asking for reminiscences of her first appearance on the stage in this city. She is anxious to get all the notices from the Louisville papers and copies of the old theater programs of her early performances.

## Church Damaged by Fire.

MILWAUKEE, April 17.—A fire, apparently of incendiary origin, burned and blackened the whole interior of the St. Mary's Catholic church. The organ, a very fine instrument, is ruined. The total loss will be about \$10,000. St. Mary's is the oldest Catholic church in Milwaukee.

## Typhus Fever in Pittsburgh.

PITTSBURGH, April 18.—Annie Welsh, an Irish girl, who emigrated from County Galway, Ireland, died at the residence of her aunt, Miss Welsh, in Allegheny, of typhus fever. She has only been in this country a week. She had a clean bill of health from quarantine.

## Fisherman Burned to Death.

HARRISBURG, April 18.—August Dry was burned to death while on a fishing trip at Milmont. He went to sleep near a fire and the wind turning, blew the flames toward him and set his clothes on fire, burning him terribly. He died four hours afterwards.

## COAL MINE ON FIRE.

Five Men Imprisoned in the Burning Pit.

## HOPES OF THEM BEING ALIVE.

Two Hundred Miners in an Adjoining Pit Warned in Time to Save Their Lives—The Uncertain Fate of the Imprisoned Men Prevents the Mine From Being Flooded.

HAZELTON, Pa., April 18.—A fire broke out in the pump house at the bottom of the first lift of Crystal Ridge colliery, operated by A. Pardee & Company. Two pumpmen endeavored to extinguish the flames, but were unable to do so and fled, reaching the surface in safety. Five gangway men, Mike Burke, Edward Boyle, William Dinkey, Henry Cook, Sr., and Henry Cook, Jr., were caught in the mine, but it is thought reached a place of safety.

The flames spread quickly and in a short time had climbed the 300-foot slope, and shot 50 feet into the air. Word was quickly sent to Cranberry mine, which is connected with the Crystal Ridge by underground passageway, and the 200 men employed there at once left their places and rushed to the surface. A fire engine and hosecart were sent from here and employed in saving the boilerhouse and breaker. As soon as the safety of the five men shall have been satisfactorily determined, preparation to drown the burning mine will be made.

## REVOLUTION IN HONDURAS.

The Rebels Successful and the Government Will Be Overthrown.

NEW ORLEANS, April 18.—Advices from Honduras confirm reports of the success of the rebels. General Barillo had been besieging the capital of Tegucigalpa for a month past, engaging the forces of General Vasquez in frequent skirmishes. In one of these at El Picacho, a suburb, Barillo met with a serious repulse and was driven out of the place, but rallied his men and retook it. It is reported that he made a successful assault upon the capital, which was taken possession of after a stubborn resistance. Barillo has sent Generals Reyna and Medina to the assistance of Colonel Aniernez, who has only just left on his way to Puerto Cortez. The expedition against this port has left Ceiba, and if it is successful the revolution will soon be ended and Barillo proclaimed president.

## Only Feigned Sickness.

COLUMBUS, O., April 18.—Both Warden James and Deputy Warden Playford believe that E. L. Harper is perfectly well and that sickness was feigned in order to secure a pardon. The fact is that the symptoms seem to have disappeared since the pardon. There is a disposition to throw the blame of the matter on Dr. W. T. Rowles, the prison physician, who, it is claimed, is throwing almost all his work on his assistant, Dr. Weeton. Upper officials are against Rowles, and if Harper at once recovers and the public throws the blame on the prison, they will lay it at Rowles' feet.

## Poor Excuse For Murder.

DENVER, O., April 18.—Harry Stewart, a Panhandle flagman, shot and killed Emma McDonald, at George Lyle's house on Red Road, because he thought the woman was trying to estrange Emma Myers, his sweetheart, from him. Stewart gave himself up, but claimed the shooting was accidental, and that he did not know the weapon was loaded. Stewart is 25, and came here from Hopewell, Guernsey county, Miss McDonald was 21, and a pretty blonde. She was to have married Orra Davis today.

## Slander Suit Dismissed.

WABASH, Ind., April 18.—Two months ago the Ohio Farmers' Insurance company sued Newhouse & Hammond of this city, agents of a rival company, for \$2,000 damages for slander. It was alleged that the defendants circulated a report that the Ohio Farmers' would not pay its losses and was insolvent, in order to throw policyholders into a panic. The case has been dismissed at cost of plaintiff because of insufficiency of ground of action and failure to file a bond.

## One Way to Avoid Paying Debts.

LIMA, O., April 18.—A lot of colored men, imported to work on the Ohio Southern railroad, were threatened with garnishments. They found that under the Ohio law married men could not be garnished and 18 of them married under one ceremony.

## Found Hanging in a Stable.

AKRON, O., April 18.—An unknown man, about 40 years old, was found hanging in Fred Gassler's stable. He has been dead for some time. He wore two suits of good clothes, but there was nothing about him by which he could be identified.

## Fool and His Money Soon Part.

ENGLISH, Ind., April 18.—Fremont Sloan last week came into possession of over \$6,000 by inheritance and he visited the falls cities to see the elephant. Yesterday he returned a penniless man.

## Bridge Destroyed.

VENICE, April 18.—The bridge over the River Lefnone, in the suburbs of Ravenna, was destroyed by miscreants. Sixteen anarchists, who are suspected of the crime, have been arrested.

## Drank Carbolic Acid.

SPRINGFIELD, O., April 18.—John Grapes, an old well-digger, ended up a prolonged spree by drinking an ounce of carbolic acid. He died in horrible agony.

## OUT OF THE ORDINARY.

Pittsburg Man to Marry the Mother of His Dead Fiancee.

PITTSBURGH, April 18.—About two years ago Andrew Birot, a well known young man of Beaver Falls, who had just reached his majority, and Miss Clara Funkhouser, just one year his junior, were engaged to be married. Arrangements had been completed for the marriage, when the father of the young lady was taken ill, and died before the ceremony could be performed. Out of respect for the dead father, the wedding was postponed for one year. This time had about expired, and arrangements were again made for the wedding.

Just a few days before it came off the young lady was taken suddenly ill, and despite all that could be done for her, she died and was laid away beside her father. Then it was the bereaved lover and the mother of the dead girl found consolation in each other's company. Both are Catholics, and Sunday the congregation of the Catholic church were astounded by the announcement from the pulpit that the couple would be married. Mrs. Funkhouser is at least 55 years of age, and well fixed financially, having quite a snug fortune from her late husband. The groom-to-be is now in his 23d year, and a very handsome young man.

## An Important Labor Suit Begun.

CINCINNATI, April 18.—In 1892 the legislature passed a law making it a misdemeanor for an agent of any company or corporation to coerce or threaten to discharge any employe because of his membership in any lawful labor organization. The Cincinnati Edison Electric company, through Superintendent Davis, last week notified the employes of the plant that they must choose between the union and their jobs. They stuck to the union and are locked out. Yesterday seven of the men swore out warrants against Davis under the statute referred to. If the charge is sustained Davis may be fined not more than \$100 or imprisoned in the county jail for not more than six months or both. It is the first arrest under the law.

## Rioting at Bucharest.

BUCHAREST, April 18.—Hundreds of workmen and their wives made a demonstration before the parliamentary building and the increase of Octroi. The minister of public works was attacked as he rode from the chamber, stones were thrown through the carriage window and three men tried to drag him into the street. Several policemen were injured with stones while they tried to protect the minister. A squadron of cavalry, which was sent to aid the police, rescued the minister and cleared the open space before the building. Two cavalrymen were knocked from their horses with stones. Half a dozen rioters were arrested.

## Will Be Returned.

TACOMA, Wash., April 18.—Hundreds of forged Chinese passports have been discovered. Collector Wasson of the Puget sound district has virtually decided to put into effect the act excluding Chinese. Thirty-two Chinese actors for the world's fair and 241 Chinese merchants will be returned to China at once. They have arrived, but Wasson, acting on orders from the treasury department, refuses to recognize the certificates of identification upon which they have heretofore been admitted.

## Explosion of a Steam Corn Popper.

INDIANAPOLIS, April 18.—The cigar store and confectionary of J. A. Frazee, 22 South Illinois street, is a complete wreck, as the result of an explosion of a steam corn popper. All of the glass in the front of the building was blown in smithereens and the concussion startled people for blocks. Mrs. Frazee was seriously injured by fragments of glass. Had the force of the explosion been outward instead of inward many people would have been injured, the street being crowded at that hour.

## Big Fire in Cincinnati.

CINCINNATI, April 18.—A fire last night at the Race street entrance of the Emory arcade destroyed five retail establishments and 20 offices entailing a loss of \$150,000. Among the places burned and damaged by water were the Cincinnati Price Current, Home steam laundry, Leo Merling's hat store, Bodemer's beer hall, Mrs. Seligman's hair store and millinery establishment, Fred Wagner's optical goods, Sheen's art store, Schultz's printing office and several other offices.

## Church Vandalism.

WABASH, Ind., April 18.—Vandals entered the Simons church in Huntington county, tore up the hymn books, disfigured the walls and drove nails in the floor in the aisles to catch the dresses of ladies. The same scoundrels cut the twine binder of Benjamin Simon to pieces. Suspicion rests upon two young men of the neighborhood, and the grand jury will investigate.

## Epidemic of Spotted Fever.

EDWOOD, Ind., April 18.—The fear of an epidemic of spotted fever in this city is increasing. A number of cases have been reported in the last few days, and several deaths have resulted therefrom. The physicians are powerless to prevent fatal results in most of cases. The victims in most cases take suddenly ill, and in a few hours become unconscious and never rally.

## Boiler Explosion.

MARIETTA, O., April 18.—The boiler at the McClure stone works, six miles below this city, let go, killing instantly Rolla Calder and Henry Spicer, both married. The boiler was worn thin with age.

## The Fruit Uninjured.

MADISON, Ind., April 18.—The great peachgrowers hereabout report the fruit uninjured by the recent frost.

## BY AN EARTHQUAKE.

Many People Are Killed on the Ionian Islands.

## ZANTE VERY BADLY SHAKEN.

The City Itself Almost Entirely Destroyed—Twenty Corpses Thus Far Removed From the Debris—Hundreds of People Injured—Great Destruction of Property and Suffering.

ATHENS, April 18.—Zante, one of the principal Ionian islands, was visited by a most destructive earthquake, resulting in great loss of life and property. The shock appears to have been most violent in the city of Zante, the greater part of which was destroyed. The people are panic-stricken and the authorities helpless. The streets are impassable, being filled with masses of stone and timber, the wreckage of houses which were thrown down by the earthquake.

Thus far the bodies of 20 persons killed by falling walls have been removed from the debris, and it is feared that many more dead are still in the ruins. The number of persons injured runs up into the hundreds. Everything is in confusion and the work of searching for bodies and the injured can not be pursued systematically. The greater portion of the inhabitants have fled to the islands back of the city, where they wander about in a distracted manner, bewailing the loss of their homes and property.

A large number of tents that were taken to Zante to shelter the people who were rendered homeless by the former earthquakes have again been set up, and under them some of the women and children have taken refuge.

The city presents a scene of desolation, and it is doubtful if it ever recovers from the series of misfortunes that have befallen it within the past three months. There is bound to be an enormous amount of suffering, and outside aid will be urgently required to prevent sickness and starvation.

The shock occurred at 7:30 a. m. Most of the buildings that stood erect after the shocks of February and March were either thrown down, or shattered so as to be unsafe for occupancy. The church of St. Dionysius and the government offices were thrown down. Advances from the interior show that the whole island has been devastated. Many villages have been destroyed, and it is thought that the loss of life has been very great.

News of the disaster comes in very slowly, as communication with the interior of the island has been greatly interrupted by the destruction of many of the telegraph lines. The full extent of the calamity can not be estimated at present. Warships will be dispatched from the Piræus with clothing, provisions and medicine for the sufferers.

It is pointed out here that the Zante disaster is a confirmation of the prediction made a few days ago by Professor Falb, who predicted the former earthquakes and that a disturbance more disastrous than the recent ones would occur on April 16 or 17. His prediction has proved true, for this shock is the worst that has ever visited Zante, which is noted for its earthquakes.

## DEFEATED THE LAW.

A Defaulting Cashier Breathes His Last Just Before the Arrival of the Officers.

NASHVILLE, April 18.—John Schardt, the defaulting cashier of the Mechanics' Savings Bank and Trust company, died last night about 9 o'clock. Rumors to the same effect were current all day, but the inevitable came last night. His physician, it is said, warned him that he could not get well last Saturday and, acting upon this statement, Schardt went before the directors and acknowledged his crime.

He had been suffering for some time from stomach trouble which turned into a violent case of flux. Schardt's life was insured for \$80,000. It is understood that he had requested that this sum be turned over to the bank officials to indemnify them for his speculations. Death precluded the action of the law. In a few moments a warrant already in the hands of an officer would have claimed the body the unfortunate man.

## Traveling Man Takes His Own Life.

MEMPHIS, April 18.—L. C. Jones, traveling representative of the Graves & Vinton Mortgage and Loan company, committed suicide by taking a dose of morphine large enough to kill an elephant. Jones is said to have been an embezzler and chose death rather than exposure and disgrace. The amount of his shortage is not known. The company is protected by a bond and will not lose anything. Jones has been leading a lively gait recently and his downfall is said to be due to speculation in cotton futures through the bucket shops. The deceased was a member of a well known and prominent Mississippi family.

## Only Small Amounts.

NASHVILLE, April 18.—C. Larzen, a local wallpaper dealer, who disappeared several days since, left numerous small creditors who, for the past few days, have been laying on everything in sight. Larzen's business was limited, and he did not catch anybody for any large amount.

## Ex-President Gonzales Improving.

CITY OF MEXICO, April 18.—Ex-President Gonzales continues to improve in health and his physicians report that he is on the road to recovery. President Diaz has been almost a daily visitor to the sickroom and has given his old comrade every attention.

WEATHER INDICATIONS.

Occasional local rains, winds becoming southeasterly; slightly warmer.

The Pennsylvania Railroad Company has voluntarily increased the wages of some of its employes. Other corporations should go and do likewise.

The President may have made a few mistakes in filling the many important positions under him, but his appointment of Judge Lochren for Pension Commissioner is certainly not one of them. The new Commissioner is praised on every hand. The New York Herald says: "His record will commend him to the confidence and good will of all the veterans of the country. And that is the kind of man who ought to occupy the position of Commissioner. His sympathies will naturally be with his old comrades in arms, and if in the name of those old comrades and with a determination to make the pension list a roll of honor he sets his face against fraud and refuses to give a bumper or deserter the privileges which only a true man ought to enjoy, he should be vigorously sustained."

The Herald adds: "This pension business must be lifted bodily out of politics. No man ought to receive a pension because he is a Democrat, or refused one because he is a Republican. The wounded soldier is a ward of the Nation, and should have all that the public gratitude can safely grant, but the grabber, the humbug who loafed in the rear while regiments were fighting at the front, must be shown the door and told to make himself scarce."

### SENATOR WALL

Has Something to Say on That Special School Tax Question—The New Charter.

FRANKFORT, April 17, 1893.

Editor Bulletin: I have been greatly surprised at the tenor of some of the articles in your paper upon the school tax question. Even a casual reading of my letter ought to have shown that I took no position upon the question, but, having heard complaints from many of my constituents, I desired to hear from those who believed the law to be a good one, and that the tax was beneficial, and was being properly applied to the extension of the terms of the schools, and a corresponding increase in the salaries of the teachers. I voted for the tax, and if we cannot have full terms of school with the present rate of taxation, I am ready to vote an additional tax. At the same time, if the present tax is not being properly applied, and the spirit of the law not properly carried out, I am for its repeal, and for the enactment of a general law that will enable this and other counties to supplement the State fund with a county fund, that will pay for first-class teachers and ten months sessions.

The charter for cities of the fourth class, applicable to Maysville, was passed by the Senate on Thursday, and now goes to the House for consideration. It passed substantially as the committee, representing twenty of the cities of that class, formulated it. I had it amended, so that all the city officials should not be appointed by the councilmen, (or trustees as they are called in the charter), but that they could be elected by the people, or appointed by the trustees. There must be not less than six trustees, nor more than twelve. Should your trustees or councilmen decline to pass an ordinance requiring the election, by the people, of Mayor, Police Judge, Chief of Police, Assessor and Treasurer, then your remedy will be to elect trustees who will obey the wishes of the people.

The license to retail spirits, &c., of all kinds was fixed at not less than \$150 nor more than \$1,000.

The Senate also provided for a school board to regulate and manage the schools of such cities, taking that matter entirely from the council or trustees. What fate the charter will meet in the House, I cannot say. Yours,

GARRETT S. WALL.

### FIRST "SUB-MARINE" TELEGRAPH.

Editor Bulletin: I see a notice in your paper of yesterday, evidently condensed from the Cincinnati or Covington exchanges, a statement that Major Val P. Collins has secured a piece of the telegraphic cable laid between Cincinnati and Covington. It is claimed that this was the first sub-marine (?) telegraphic cable laid west of the mountains. This statement is evidently a mistake, and, in proof, I quote you from Collins' History of Kentucky, volume 1, under date of November 25, 1853: "First inundated, two-wire telegraphic cable ever laid, just laid across the Ohio river at Maysville. There is a cable of different style across the Ohio and Tennessee rivers at Paducah."

We regret that the files of the Maysville Eagle are not at hand to corroborate the above statement from Collins. At that date the only telegraph offices in Northern and Central Kentucky were at Maysville, Paris, Lexington, Versailles, Frankfort, Shelbyville and Louisville. The only telegraphic communication between Maysville and Cincinnati at that date was across the river at this point and thence down the river on the Ohio side. The wires at first were suspended above the water on telegraph masts, but on account of the frequent breakages by passing steamboats the inundated cable was substituted. The first cable was laid by Colonel Tal P. Shaffner, but proved defective, and the cable was remade at the rope-walk in East Maysville by a Mr. Sleeth, of Memphis, and re-laid. If our old friend Val P. Collins wants a specimen of the genuine two-wire inundated cable he will have to come to his old home to get it. By the way, let us have the date of that Covington cable.

#### Jeffreys Lewis.

Manager Kinneman is to be congratulated in at last inducing the manager of the distinguished emotional actress, Jeffreys Lewis, to play a night in Maysville on their way to Cincinnati. Miss Lewis and her company recently played a remarkably successful week in Louisville at advanced prices, and the press of that city showered praises on this talented actress for her superb impersonations. Saturday evening, April 22, Miss Lewis will be seen in "Society's Half World," a dramatization of Dumas' celebrated "La Demi Monde," from which has also been taken "The Crust of Society," "Fringe of Society." Miss Lewis has ample opportunity for the display of her magnificent toilettes in this play. The company is headed by the sterling young actor, Mr. Mainhall, and the talented young leading lady, Miss Estha Williams.

**HONORED.**

**Father Bealer Remembered by the Members of His Congregation. Resolutions, &c.**

Notice has already been made of the fact that Rev. Father Bealer is to leave this city and take charge of the church at Versailles. The good people of Maysville never do things by halves, and St. Patrick's congregation is a part of Maysville. They prepared a pleasant surprise for the reverend gentleman, appreciating the fact as they did that Father Bealer was a faithful minister of God, devoting his time and talents to the welfare of the members of the congregation. One thing in particular that commended him to the good graces of his people was the fact that he worked incessantly to lighten the labors of their venerable pastor Rev. Father Glorieux, who has been with them for more than a quarter of a century. The members of St. Patrick's went quietly to work to show their appreciation of Father Bealer's services in a more substantial way than by words. The result was that a committee of gentlemen waited on him last night at 7:30 o'clock and presented him with a bag of gold amounting to about \$300. The presentation speech was made by Mr. J. N. Kehoe, every word of which was well chosen and the speech throughout was characteristic of the rising young attorney. Father Bealer's reply was couched in a few remarks that were both eloquent and impressive and would have done credit to one much older in experience than himself. Resolutions from the A. O. H. were read and the committee were invited to partake of a bounteous repast prepared by Father Glorieux. In fact the day was one of pleasant surprises. The Visitation Mandolin Club entertained him in the afternoon and the Sisters of the Visitation at tea in the evening. About nine o'clock the Drum Corps of the Knights of St. John made their appearance and under the leadership of Major T. J. Moran serenaded the Rev. Father. It was Father Bealer's intention to leave to-day, but he was summoned to Lewis County this morning on a sick call and will probably not leave before Wednesday. He will carry with him the best wishes of a host of friends for his future career, wherever he may go.

The following resolutions were passed by the Ancient Order of Hibernians of this city at their meeting Sunday:

WHEREAS, It has been officially announced that Reverend George C. Bealer, assistant pastor of St. Patrick's congregation of this city, has received an appointment necessitating his removal to other parts of the diocese of Covington,

Be it resolved, That in the departure of Reverend Father Bealer, this community loses a much esteemed citizen, the society of the Ancient Order of Hibernians, a faithful and beloved Assistant-Chaplain, the congregation of St. Patrick's, a devoted priest.

"In his duties prompt at ever call, He watch'd, and wept and felt and prayed for all."

Be it resolved, That though coming as this appointment does, as a promotion to Father Bealer among the clergy of the diocese of Covington, yet it is with a sorrowing reluctance we bid farewell, assuring him of our high esteem of his priestly work, of the loving regard in which we hold him, and of our heart-felt good wishes for his future career.

Be it further resolved, That a copy of these resolutions be tendered our Reverend Assistant Chaplain, that a copy of same be spread on the minutes of this society, that copies be published in the papers of this city, and of the city of Versailles, the fields of his prospective labors.

THERE was one more addition to the Baptist Church last night. Services this afternoon at 3 o'clock and to-night at 7:30 o'clock. Rev. J. N. Prestridge was called to Winchester yesterday to conduct a funeral service but returned this morning and will preach this afternoon and to-night. Baptism at the close of the 7:30 sermon. The public invited.

One of the most successful revivals ever held in Maysville was conducted by Dr. Young some years ago, and the announcement of his coming will be glad news to his many friends.

REV. W. O. COCHRANE, pastor of the Central Presbyterian Church, has received notification that he has been appointed a member of the Advisory Council on Religious Congresses of the World's Congress Auxilliary in connection with the World's Columbian Exposition of 1893. This is quite a compliment and shows that as an expounder of the gospel Mr. Cochrane's reputation is known far and wide.

Call on Robert L. Baldwin, Secretary, John Duley, Treasurer, C. L. Sallee, Attorney, or any of the directors.

A WELL worded advertisement, properly displayed, makes as interesting matter as any in the paper, and the reading thereof is profitable both to buyer and seller. If people do not read and remember your advertisement it is your own fault. Make them readable and they will be read; make them impressive and they will be remembered. Place such advertisement in papers which circulate among the buying classes and you will attract buyers thereby, as surely as the magnet attracts steel. Try the BULLETIN.

MR. LOGAN MARSHALL, of Sardis, has been appointed to fill the vacancy from that precinct on the Democratic Executive Committee.

THE steady, persistent advertiser does not depend on a special condition of the weather to bring him custom. He relies rather on the continual keeping of his business before the people, in an attractive way through the columns of the newspapers they peruse.

THE AL. G. Field Famous American Minstrels will appear at the opera house next Thursday night, April 20. The company includes a large number of the bright, particular stars of the burnt cork profession, and is strong in every department. The comedy element includes, besides the only Al. G. Field, Jerry Hart, Tommy Donnelly, Harry Shunk, George Jenkins and Ed Horan. The vocal corps is said to be exceptionally strong, likewise the olio, which is made up of some of the most sensational acts ever witnessed on the minstrel stage, prominent among which are Jo. E. Lewes, the apodal wonder, the Magnani brothers, the monarchs of musical comedy, Harry Shunk in his new and very humorous monologue, Clayton and Jenkins and their wonderful trick donkey Jasper. Several new features are introduced in the first part, making on the whole, it is claimed, one of the strongest minstrel programmes ever presented. Seats on sale at Nelson's.

**Resolutions of Respect.**

WHEREAS, It has pleased Almighty God to summon from our midst the Hon. W. H. Wadsworth, who was a charter member of Independent Fire Company, Washington No. 1, of this city, organized December 27, 1851. While his old associates nearly all preceded him to the grave, and of late years he himself had not been an active member, yet his activity and interest in the welfare of the company in its infancy and the faithful performance of his duty in years gone by demand of his brother firemen a tribute of respect, especially so as he was so estimable a citizen, one who by his generous and good demeanor during all the years spent here had gained the confidence of our people and retained it during his long and useful life. He was a statesman and a lawyer of reputation extending far beyond the confines of State, and a gentleman whom all his acquaintances loved and admired on account of his noble traits of character, his gentle manners, his unostentatious charity, fidelity and integrity, and his friendship to his fellowman. Therefore be it

Resolved, That by his death we have lost a good, true and noble citizen, one in every way worthy of the love and esteem bestowed upon him.

Resolved, That in his death his family have sustained an irreparable loss; and that we extend our heartfelt sympathy to the bereaved ones in their sad affliction.

Resolved, That a copy of these resolutions be sent to the family, that they be grossed on our minute book and published in the city papers.

HARRY TAYLOR,  
M. J. MCCARTHY,

Committee.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
